

Importer and Trader of
 Pneumatic Components,
 Pneumatic Fittings, Directional
 Control Valves, Pneumatic
 Directional Control Valves,
 Diaphragm Valves, Direct
 Acting Solenoid Valves etc

ADVT15, ADVT15 With Timer, Air Blow Gun, Direct Drive Type Solenoid Valve, FRL Unit Pneumatic, FRL Unit Series, Fv320 Mechanical Valve Pneumatic, Hand Valves 3/2 5/2 PORTS FROM 1/4" TO 1" SIZES, High Pressure Air Regulator Qtyh 1/2" to 2" Size, High Temperature Pneumatic Cylinder, JM Series Mechanical Valves, Metal Quick Coupler, Pneumatic Cylinder, Pneumatic Filter, Pneumatic Regulator mini, etc.

About Us

Incepted in the year 2007, we, Aeroflex Fittings Private Limited, are noted importer and trader of Pneumatic Components, Pneumatic Fittings, Directional Control Valves, Pneumatic Directional Control Valves, Direct Drive Type Solenoid Valve, Stainless Steel Solenoid Valves, Diaphragm Valves, Direct Acting Solenoid Valves etc. The products are developed in compliance with international quality standards. The range is manufactured by reliable vendors who manufacture it with the use of finest grade of raw material. The manufacturers develop the range accordance to the current trend of the market. Our gamut is appreciated among the customers due to its easy maintenance, precise design, longer service life, reliable performance and sturdy construction.

Our company work constantly for the attainment of customer satisfaction. We store all our procured range in spacious warehouse. The storeroom enables us in storing the range in systematic manner. The competent team of storekeepers handles the unit with care and make sure that every range reach to the destination on time. Further, the packaging expert team packs the range in quality approved packaging material such as corrugated and wooden boxes. Each range is delivered to destination in its original condition without any flaws and defects. Moreover, under the expert supervision of our honorable mentor, Mr. Sayyed Inayat Ali, we have gained a competitive edge over our counterparts.

Key Facts

Nature of Business	Importer
Primary Competitive Advantages	mechanically operated valves,air lubricator,air filter regulator lubricator,pneumatic air filter,pneumatic frl unit,pu pneumatic tube,pneumatic cylinders,pneumatic spool valves,pneumatic fittings
No of Staff	10
Year of Establishment	2007
OEM Service Provided	No
ProductRange	mechanically operated valves,air lubricator,air filter regulator lubricator,pneumatic air filter,pneumatic frl unit,pu pneumatic tube,pneumatic cylinders,pneumatic spool valves,pneumatic fittings

Our Products**V Series Solenoid Valves****Direct Drive Type Solenoid Valve****Pressure Gauges****SDA Series Compact Cylinder****ADVT15 With Timer****FRL Unit Pneumatic****Pneumatic Regulator Mini****JM Series Mechanical Valves****Two Way Diaphragm Brass Solenoid Valve****Polyurethane Tube****Air Blow Gun****Metal Quick Coupler****Pneumatic Cylinder****SS Angle Seat Valves****Stainless Steel Solenoid Valves Series****High Temperature Pneumatic Cylinder**
